

**1997 Irrigated Acreage Estimates vs Total Acreage Estimates
by Land Cover/Use for the
Oregon Closed Basins - 171200 (Also known as Malheur Basin)**

Oregon National Resources Inventory Results
Estimated for Non-Federal Lands Only

	Irrigated Acreage Estimates	Irrigated Acreage Error	Non-Irrigated Acreage Estimates	Non-Irrigated Acreage Error	Total Acreage Estimates	Total Acreage Error	Percent of Acreage that is Irrigated
Cultivated Cropland	1,800	1,800	10,700	6,300	12,500	6,400	14%
Non-Cultivated Cropland	267,100	44,700	4,800	2,600	271,900	45,200	98%
Pasture	156,700	31,600	55,900	19,300	212,600	40,500	74%
Total	425,600	58,200	71,400	21,200	497,000	69,000	86%

NOTE: Data may not add to totals because of rounding. The error referred to in the table is the standard error of the estimate. You can obtain the margin of error at the 95% confidence limit by multiplying the error by 1.96. Standard errors greater than 50% of the estimate indicate a low level of statistical reliability.
